Z TABLE

Negative Z score table

Use the negative Z score table below to find values on the left of the mean as can be seen in the graph alongside. Corresponding values which are less than the mean are marked with a negative score in the z-table and represent the area under the bell curve to the left of z.

1.1 – Negative Z Table

Positive Z score table

Use the positive Z score table below to find values on the right of the mean as can be seen in the graph alongside. Corresponding values which are greater than the mean

are marked with a positive score in the z-table and represent the area under the bell curve to the left of z.
